

100% Safe - No Acids Used! Perfect For Diamond Dealers and Diamond and Jewelry Manufacturers

Ice Prime – Eco Diamond Cleaning

Ice Stones introduces an innovative, superior and environmental way to clean your stones.

The Mini Ice Prime, Diamond Cleaner, is easy to use, ecological, cost effective and the most efficient way to clean your stones.

During the cleaning process the stone remains stable and therefore, reduces the risk of chipping to the culet & girdle.

Features:

- Global Ecolabelling Network (GEN) recognized green label
- Uses acid-free materials only
- Plug and play installation
- Cleans rough and polished stones
- Easy training & easy to operate
- Can be used in an office environment
